Apple has confirmed that its 2025 iPhone launch event will take place on **Tuesday, September 9, 2025**. The event is scheduled to start at **10:00 a.m. Pacific Time (PT) / 1:00 p.m. Eastern Time (ET)**, and will be livestreamed from the at in Cupertino. This date has been widely anticipated — and now it's official.

This fits Apple's usual rhythm: key iPhone announcements tend to happen in early September, with pre-orders and store availability following shortly after.

#### What's Likely to Be Announced at the Event

At the September 9 event, Apple is expected to introduce not just one, but a full lineup under the iPhone 17 family. As per credible reports, the products include:

- **iPhone 17** — the standard model
- **iPhone 17 Air** — a new ultra-thin variant, possibly replacing the older "Plus" line
- **iPhone 17 Pro** — the advanced, performance-oriented model
- **iPhone 17 Pro Max** — the flagship with top-tier specs

Alongside iPhones, Apple may also showcase updated models of other products — for example, new versions of its smartwatch line and possibly accessories.

#### When Can You Buy iPhone 17 — Pre-orders and Sales Date

The schedule following September 9 is expected to follow Apple's typical launch pattern. Pre-orders for iPhone 17 should begin on **Friday, September 12, 2025**.

The in-store availability — when the first buyers will be able to get the phones — is expected to start on **Friday, September 19, 2025**. This timing mirrors recent years, giving Apple about a week between announcement and release.

#### Why This Date Matters — What It Means for Buyers

Choosing September 9 for the event continues a well-established rhythm. That consistency helps buyers and retailers plan. For customers, key implications include:

- **Time to prepare for pre-orders.** With the announcement and pre-order start dates known, you can decide

quickly whether to upgrade or wait.

- **Buying window clarity.** Knowing when in-store sales begin helps plan trade-ins, carrier deals, or accessory purchases.
- **Expectations for upgrades.** Reports suggest the iPhone 17 lineup will bring meaningful upgrades — so the event date also marks the moment to compare if it's worth upgrading from an older iPhone.
